## CHERRYOLA WINS STAKES

TAKES FRIVOLITY FROM THE MONTPELIEB STABLE.

Victory of Earl's Court, Coupled With V. Powers's Bad Ride, Cames Ugly Gos-sip—Bedwell Wins Twice With Madman and Belleview at Empire City.

The departure of many horses for Saratoga resulted in the cutting down of the fields at Empire City, yesterday. There were only three starters in two of the races. Last Cherry, enjoyed a cakewalk in the Frivolity Stakes, for two-year-olds, five and a half furlongs. She was a prohibitive favorite, and proceeded to set a clinking pace from the raising of the gate to the wire, where she had a length and a half, with Jockey Austin pulling her up. The other starters were Radium Star and Inother starters were Radium Star and In-terpose, owned by the Montpelier Stable, who were second and third respectively, separated by two and a half lengths. Dick Roller won this event last year. Cher-ryola's time was 1:07. It was a beautiful day at the Westchester track and nearly 7,000

Persons enjoyed the cool breezes.

When Earl's Court, a Keene castoff, won the fifth race, at six furlongs, the scandal-mongers got busy. Earl's Court, backed from 10 down to 18 to 5, is owned by J. P. Mayberry, in whose colors Robin Hood,

LARNED'S CUP AGAIN.

folder of Longwood Tennis Trophy Beats Clothier in Challenge Round.

oston, July 28 .- William A. Larned of New Jersey played rings around William J. Clothier of Philadelphia in the challenge round for the Longwood cup played at Longwood this afternoon. The match went he five sets, and though Clothier got two of tnem, there was never any doubt as to who was the better player of the two men.

was the better player of the two men. Larned got the first two sets in easy fashion, and in the first eleven games of the third set he had a lead of one game and had the twelfth easy but for two bad decisions by the linemen, which proved to be the turning point of the set and gave it to Clothier, eight games to six.

In the fourth set Larned was tired and his eyes began to bother him. His playing was listless and a surprise to the fashionable gallery, for time after time he failed to go after shots that had been easy for him in the previous sets. This proved to be a love set in Clothier's favor.

For the fifth and last set Larned played an entirely different sort of a game and appeared to have regained the dash of the first two sets. Once more he set the gallery en edge by his marvellous places and lobs that eventually got him points, for in almost every case Clothier's return was for an out. Clothier took the first game, and then the next four straight went to Larned. Clothier got one more and Larned the last one for the match.

The scores:

william A. Larned defeated William J. Clethier, and the control of the match.

WATSON HORSES WIN. Baltimore Exhibitor Scores in Five of Ten Classes at Long Branch.

There is every indication that the Monmouth County Horse Show will be quite as successful this year as it has been heretofore. There were a pessimistic few who predicted otherwise when the opening day found such a small attendance at Holly-wood Park, but there was no lack either in attendance or enthusiasm yesterday, and last but not least all of the classes were called into the ring on schedule time, doing away with the long delays which are such a drawback to the success of any show.
Out of the ten classes shown C. W. Watson's entries carried off the honors in five

son's entries carried off the honors in five of them, winning in the novice class for pairs, the four in hand class, the ladies' phaeton class, the victoria class and the Patten challenge cup. Lord Baltimore was picked to wear the blue in the last named class and his victory gave him his second leg on the challenge cup, which has been in competition since 1902. Under the conditions it must be won three times by the same owner before it becomes his property and so far no horse has won more than two legs on the trophy. It was won by J. W. Harriman in 1906 and 1907, and last year Lord Baltimore was placed first. Yesterday he defeated Paul A. Sorg's brown mare Lady Tuck, whom many though, would take the blue, and R. P. McGrann's Tinker Bell, always a formidable adversary. Lord Baltimore's other win was a joint victory with My Maryland II. Shown to pole they captured first prize in Class 30 for harness pairs and defeated Paul Sorg's Dighty and Respect. same owner before it becomes his property

money. The time was 1:52 3-5.

Bedwell, by the way, put in a strenuous day. His stable hands went on strike in the morning because he refused to discharge the foreman, but that did not upset the plucky horseman who proceeded to engage am entire new force. Incidentally Bedwell received a big ofter for his contracts in the services of Jockey laplin which he promptly refused. He said that although he was a poor man he would not let Taplin go at any price.

J. L. McGinnis, owner of Shannon, who was beaten by Duil Care in a race on lussiand by Jockey R. Dugan. He alleges that Dusan, who sode Duil Care, asked Modes, who had the leg up on Henderson, to "shut Shannon off" just after the start. The stewards, it will be recalled, dismissed a protest of foul lodged with them by Shannon of rider, Ural, right after the race. The summaries:

IRON AND STEEL OUTLOOK. Market Stronger in All Centres-"Mid summer Buliness" Tardy.

The Iron Age, out to-day, will say: Some of the Southern pig iron makers announce that their asking price now is \$13.50 for No. 2 foundry at Birmingham, an apparently rather hasty proceeding, since \$13 has been hardly established and even that figure was above the parity of Northern prices in the West and at tidewater. The Eastern markets have been most active, sales to four or five concerns in New Eng-land figuring up to close to 30,000 tons, practically all of it for delivery during the balance of the year.

There is some inquiry for next year, but

unless requirements for the last quarter are also involved the furnaces will not touch them except at prices which melters will not meet. A leading merchant tool builder has inquiries out for iron for plants both in the New York and Philadelphia districts. The requirements of the Pennsylvania Railroad for about 9,000 tons of various grades of pig iron have not been covered

market, the apparent requirements of four of them calling for about 50,000 tons of basic and round lots of bessemer and low phosphorus iron. No Race for Harmsworth Cup. There will be no race for the Harmsworth cup, or, as it is officially called the British cup, or, as it is officially called the British international trophy, the year. The British Motor Yacht Club chayenged, but no attempt was made on this side to defend the cup and no boat was built on the other side that was eligible to compete. The Duke of Westminster and Lord Howard de Waldan each built fast racing motor boats, but these were 50 feet long and were built to compete at Monaco, where the conditions were changed to allow boats of that length to race. At one time it was thought that a change would be made in the rules governing the international cup, increasing the limit to 50 feet instead of 40 feet. This, however, was not done and uo British yachtaman was willing to build a 40 footer that would be good for only one race. The international race has been declared off for this season and it is probable that something will be done in the winter and a race arranged for next year.

APARTMENT HOUSE. American Fashion Co. to Have a New Building in West Thirty-ninth Street -City and Suburban Homes Co. Will

Build Two 100 Pamily Tenements.

A fair amount of business was reported from brokers' offices yesterday. Most of the transactions were of a substantial character, involving property of some value. The purchase of sites for improvement was a marked feature of the trading. The good impression made by the day's brokerage news was confirmed by a total absence of liquidation in the auction rooms. The building industry was moderately active both in Manhattan and in The Bronx. Among the new constructions for which plans were filed were two \$100,000 model tenements to be erected by the City and Suburban Homes Company on East Seventy-ninth street. Each house will have accommodations for 100

SIXTY-THIRD STREET.—Annie J. Grannis has sold No. 49 East Sixty-third street, a four story and basement stone front dwelling on bot 17x100.5, "adjoining the northwest corner of Madison avenue.

EVENTY-NINTH STREET.—Insulation of the publication again displaying interest on the buying side. Chief among these reports yesterday was the disappointing showing made by Mississippi and Louisiana according to the special reports of the Journal of Commerce. In those States of the central belt where improvement had been looked for it failed to materialize, causing the bulls to ask: "If there is no betterment in Louisi-ana and Mississippi what hope is there for Texas?"

The dismal reports from these States coming on top of similar advices regarding the Carolinas, Georgia and Alabama coming on top of similar advices regarding the Carolinas, Georgia and Alabama, naturally resulted in a spread of the opinion that the next Government report is bound to be a builish one. Figuring on the basis accepted by many in the trade, i. e., that the condition is 13 per cent. lower than a year ago and the acreage 2 per cent. less, leads to the conclusion that the crop cannot exceed 12,000,000 bales, and possibly will not be over 11,750,000. As one firm put it: "A 12,000,000 crop has never been made on an August 1 condition of under 80." In conjunction with these it was rumored that the national ginners' report, to be issued Friday, would make the condition 70.5, against 72 on July 19 and 75.6 late in June, and that the condition given for Texas would show a loss of 14 points for the mouth. There was also talk that the Journal of Commerce would issue a decidedly unfavorable report regarding States west of the Misaissippi. The weather map showed rains only in the Carolinas. In addition to being still dry it was noted that Texas was to have more hot weather, as eight points reported temperatures between 100 and 102. Liverpool acted about as expected yeaterday morning and became stronger later. Still it was alleged that those who were buying there were selling here, and more of the latter if anything.

Advices from Manchester reported a

shing.

Advices from Manchester reported a better business on Tuesday as well as Wednesday. Buyen: Logan & Bryan were reported as buying for the West: Mitchell's buying was said to be for Craig and Weld interests. Other buyers were Carpenter. Baggot & Co., Moyee, Shutt, Black & Co., Lipper & Co., Hayden, Stone & Co., C. I. Hudson & Co., Bache & Co. and Waters. Seliers: Springs & Co. sold January: Laverpool sold \$0,000 bales here early: large Philadelphia interests were said to have sold \$2,000 January; late in the day it was claimed that Price brokers had sold December and January: Gifford was reported as selling for Wall Street, and Cone sold 20,000 January.

Dick Bros. & Co. received the following from C. T. Revere, Fall River: "Fall River manufacturers cheerful. Borden bidding & for print cloths into January. Mills generally supplied into November, but somewhat disturbed over prospects for next season's supply. "Carpenter, Baggot & Co. had the following from Dallas: "Reports shedding come from all sections. Crop going pieces. No show rain this week, calamity assured."

Baily & Montgomery said: "From what we gather we judge that the crop generally is an univally spotted one and that most perfect weather will be required from now on to make a good yield. The crop is undoubtedly in most excellent condition in some districts, but there appears to have been of late considerably less satisfactory progress and on the whole these are reflected in the changed temper of the trade. Texas had some very high temperatures to-day and there was little in the way of most ture, which is said to be needed, especially in Texas, where the rain has not yet been general enough or of sufficient volume to remove cause for concern. Very low bureau figures would undoubtedly pave the way to a higher market."

S. B. Chapin & Co. said: "We would continue to adhere to a conservative buillish position and favor purchases, especially on soft spots from further profit taking or bear raids. We do not see how next Mondaly's Government crop rep

Motion to Open Judgment Taken Against Him by Default. Emil Fuchs, counsel for Alderman

limothy P. Sullivan and Timothy D. and Cornelius J. Sullivan in the suit brought against them by Ralph D. Craig to recover \$834 in connection with their slot machine venture, obtained from Supreme Court Justice Bischoff yesterday Supreme Court Justice Bischoff yesterday an order to show cause why the default judgment for that amount entered against Little Tim because he didn't put in his answer in time should not be opened.

The lawyer said that through an inadvertence two answers were put in for Cornelius and none for Little Tim. The lawyer said that the suit is being defended in good faith and thinks the courts should discourage such practice as was used in this case. The order restrains the Sheriff from executing the judgment.

Pleased.

Police Commissioner Baker has instituted another innovation. From now on he will attend in person all of the meet-ings of the Board of Health, of which he is ex officio a member. Heretofore it has been the custom for the Police Com-missioner to appoint a deputy to perform this function for him. Dr. Darlington said last night that he was pleased.
